## Experience

For the past 5 Years, I've been working as a Software Engineer, focusing on web technologies. For 4 years I was attending an apprenticeship as an application developer @ login Berufsbildung (Partner Company with SBB). Following my successful graduation in summer 21, I worked Full time @ SBB, coaching trainees, leading a small team as scrum master & developing exciting web experiences.

## About me

Steady learner with an obsession with photography ("shutterbug").  
Fascinated about Web3.0, Blockchain, Finetech & Creative Webdesign
